

## Retrieve LinkedIn company ID

Including company ID in the XML feed increases the chances of a job getting successfully attributed to the organization's company Page on LinkedIn. The LinkedIn Company ID is a string of numbers, usually 6 to 9 digits long, that is unique to your company. You can find this ID in the URL of the search results page when you click on **See all employees** or **See All Jobs** on the LinkedIn Company Page.

Steps to find LinkedIn company ID:

1. Navigate to the organization's company page and click **See all # employees on LinkedIn**.

2. The subsequent page will list employees who work at the company. Navigate to the URL bar at the top of the page.
3. The organization's LinkedIn ID are the numbers nested between the quotation marks in the URL. In the below example, the organization LinkedIn ID is **1441**.
